Dear Mr. Zhandos BALTIN,

Greetings from Asian Cycling Confederation.

This is in reference to your earlier mail we would like to inform you that Masters category events are not considered as Continental event and no medals, Champion jersey and no UCI points for Masters will be awarded during the aforesaid event.

Also you can organise the same but will not be part of the Asian Road Track Championship.

But it is advised that you may organise either prior to the event dates or after the event is over as was the case in the past events.

Regards,

Onkar Singh
Secretary General, ACC
